

# MACE AND BURTON

Have you ever watched a romantic comedy and wondered "Could that actually happen in real life?" Lizzy Mace and Juliette Burton have. And what's more, they decided to find out!

Join them in their award-winning 5-star show **ROM COM CON**, as they try talking to coma patients (*While You Were Sleeping*), standing on street corners (*Pretty Woman*) and going on dates with guys whose paddling pools they used to play in (*Bridget Jones's Diary*) - all in an attempt to find The One.

Do the rom coms hold the key to finding true love? Or are they all just one big con?

One of the breakthrough shows from the Edinburgh Fringe 2011 and 2012, Rom Com Con has its Australian premiere at the Adelaide Fringe 2014!

- Winners of an **Argus Angel Award** for Excellence and 'Top Nominees' for **Best Comedy** at The Latest Festival Awards, Brighton Fringe 2012.

## Company History

Lizzy Mace and Juliette Burton met as actor-members of the Cambridge scriptwriting forum, WRiTEON! They began writing together at a stand-up comedy workshop in 2010. Lizzy's solo show *Crush* was well-received by reviewers and audiences at the Edinburgh Fringe 2010: "a charming presentation into the nature of romantic crushes ... one of the more fruitful hours spent in the smaller rooms of the Free Fringe" (*Chortle.co.uk*). Since discovering a shared love of all-things-confused, and a shared confusion of all-things-love, a light-hearted romp through the rom coms was the natural choice for their first offering as a double-act. Rom Com Con had huge success at Edinburgh Fringe 2011 and 2012, at Brighton Fringe 2012 and 2013, and on a tour of the UK. Mace and Burton look forward to performing in Adelaide, the first time the show will be presented outside the UK!
